VOL. 5. NO. 86 — MONESSEN, PA., THURSDAY, OCTOBER 4 1906. — SIX CENTS THE WEEK

WILL ARRIVE IN GREENSBURG TUESDAY MORNING.

Hon. Edwin Stewart and Party Touring the State in Interest of Campaign. Speeches at St. Clair Theatre, Tuesday Night.

Hon. Edwin S. Stewart, Republican candidate for Governer, Hon. Edward S. Murphy, candidate for Lieutenant Governer, Hon. Robt. K. Young, candidate for Auditor General, and Hon. Henry Houck, candidate for Secretary of Internal Affairs, next Tuesday morning, via Pennsylvania line for Greensburg where a big political demonstration will be held in Tuesday evening.

County Chairman Cromwell is busy arranging to have a rousing republican meeting and it is hoped that the St. Clair Theatre at which place the speaking will take place will be crowded. A special request is being sent to party leaders in all the nearby towns to insist on a good turnout.

During the evening a street parade will take place through the principal streets of Greensburg and the business men and citizens in general will be asked to take part. The services of several bands have been secured and Old Glory will be unfurled in genuine patriotic style. It will be a banner time for Greensburg. Mr. Stewart will discuss the issues of the campaign as will also other members of the party. The train will leave Greensburg the following morning at 9:33 o'clock for Uniontown where a similar demonstration will take place, and Mr. Stewart and his party, will make addresses during the evening.

Quite a number of Monessen people will likely attend the meeting in Greensburg, Tuesday, to hear the distinguished speakers

POLICE COURT DOINGS.

Mose Wentling, a Finn, who says he lives on Clarendon avenue, was arraigned before Mayor F. H. Shutterly this morning on a charge of being drunk and disorderly. Mose was picked up on Oneida street last evening by a local cop. He was so beastly drunk that he could scarcely navigate. He plead guilty and was fined $2 and costs. He was short of cash and unless some of his friends come to his assistance Mose will have to spend the next two days with the sheriff.

John Waltaskiski, the Arnold cityite, who landed in limbo yesterday, the result of his attempt to clean out a local jewelry store, was also given a hearing. John also plead guilty and was assessed $2 and costs or two days in jail. Like Mose he was not troubled with an over abundance of the needful and the two may make the trip to the county seat together.

BANQUET AT FIFTH AVENUE

H. Dallas McCabe and J. F. Irwin Entertained Friends Last Night.

A nice social banquet was given at the Fifth Avenue hotel last night by Messrs. H. Dallas McCabe and J. F. Irwin. About fifteen couples were present. The affair was the outcome of a recent hunting trip to Washington county. The boys were fortunate enough to capture fourteen squirrels and these furnished the provision for the feast.

Mrs. Seanor had charge of the supper and everything was served in elaborate style. The dining room was handsomely decorated eepecially for the occasion and every person present thoroughly enjoyed the first game supplies of the season. Mrs. Seanor is to be congratulated for the manner in which the spread was laid.

The case of the Secretary of the Board of Health A. L. Arner against Mrs. F. Melenizer, charged with maintaining a nuisance contrary to a boro ordinance, was heard before Mayor F. H. Shutterly last evening. It seems Mrs. Melenizer erected a building on Eleventh street near Schoonmaker avenue, where the grade made it impossible to tap the Schoonmaker avenue sewer. Mrs. Melenizer petitioned council to lay a sewer connecting with the Donner avenue sewer, to the building some time ago but council refused, at the same time giving her permission to do so. Mrs. Melenizer would not agree to this it seems and the waste water and refuse was allowed to run on to the street. The Board of Health took the matter up and served notices that the nuisance would have to be abated. There seemed to be no disposition on the part of Mrs. Melenizer to comply with the notice and the suit followed.

Both sides of the case was thoroughly gone over last evening. Secretary Arner readily showed that the present condition of affairs is a menace to the health of the vicinity. Mayor Shutterly reserved his decision until the first of next week. The tenants have been notified to vacate the premises.

LAST DAY TO PAY TAXES.

Friday, October 5, Last Day for Payment to Vote This Year.

Friday, October 5, 1906, is the last day for the payment of taxes in order to qualify a citizen to vote at the coming election, Tuesday, November 6, 1906. Every voter must have paid a State or County tax within two years of the election at which he offers his vote. This tax must have been assessed at least two months and paid at least one month before the election. THE ACT OF ASSEMBLY OF MARCH 2, 1906, forbids the payment of taxes by anyone but the voter himself. Upon the patriotism of voters throughout the country and their devotion to their country developes the duty of paying taxes. He is not a good citizen who fails to vote and he cannot vote unless he pays his taxes for himself. LET EVERY CITIZEN PAY HIS TAXES ON OR BEFORE FRIDAY, OCTOBER 5, 1906.

Will Try to Settle.

The officials of the Pittsburg District of the Miners Union and the miners employed in the Coalerton Coal Works will meet together at French hall in Charleroi on Thursday evening when an effort will be made to settle the strike.

It is generally understood that the miners are willing and ready to return to work and it is believed at this meeting some agreement will be reached that will result in the strike being called off.

Capt. R. L. Tidball and his deputies are still at the mine but there has been no trouble there since Sunday.

Where do You Belong.

An exchange puts it this way "A town that never had anything to do in a public way is on the road to the cemetery. Any citizen who will do nothing for his town is helping to dig a grave. A man that curses the town furnishes the coffin. The man who is so selfish as to have no time from his business to give to city affairs is making the shroud. The man who will not advertise is driving the hearse. The man who is always pulling back from any public enterprise throws bouquets on the grave. The man who is so stingy as to be howling hard times preaches the funeral and sings the doxology. Thus the town lies buried from all sorrow and care."

Gentlemen: I bought three bottles of your medicine from my druggist. The medicine rendered me very good service, but I am sorry to say that the druggists here are all sold out of your medicine. I should have bought six bottles instead of three. I will gladly take six bottles of the Nervine and Blood Tonic, and request that you write me, if you are able to read this, for I am rather old to write. I have suffered six years from NERVOUS TROUBLE, caused by a fall, and my whole body remained in a tremble, but no pain. Every doctor I consulted failed to help me, and I was compelled to give up all housework. Then I read your advertisement and bought your medicine, and almost immediately after commencing its use I was a new woman. I hope you will write me at once, and tell me how much money I must send, as I am anxious to get to using your medicine again soon. With most hearty regards, I remain,

EMERY AND LABOR

Homer L. Castle Reviews Legislative Record of His Opponent For Governorship.

NOT A FRIEND OF WORKINGMEN

Sensational Disclosures of Opposition to or Neglect to Vote Upon Bills For Wage Earners

Homer L. Castle, who has been making a tour of the coal regions, has been paying particular attention to the labor record of Lewis Emery, Jr., the Democratic candidate for governor, while he served as a member of the general assembly at Harrisburg.

Mr. Castle points out that Mr. Emery occupied most of his time in pressing for legislation which would advance his own interests in the oil fields, he being an independent oil operator, and that labor got very shabby treatment from him when the various bills in the interest of workingmen were before the senate.

Here is what Mr. Castle said:

"When a member of the house of representatives in 1879, Lewis Emery, Jr., opposed a bill for hospitals for the injured and indigent miners, he opposed the passage of a law giving to the laboring men their wages in money, he dodged several bills for the comfort of the injured, the inspection of mines and the limiting of the hours of labor.

"He was a member of the senate for the session of 1881. Four bills came before that session that were of particular interest and importance to the laboring people, especially of the anthracite coal region, in their struggle to better their condition and carry on their unequal warfare against capital. First, senate bill No. 168, bill to provide for the health and safety of persons employed in the coal mines. Second, senate bill 416, entitled, 'An act making an appropriation for a hospital for injured persons in the anthracite coal regions. Third, senate bill 58, an act known as 'The mechanics' lien act, to secure to laborers their wages. Fourth, house bill 157, entitled, 'An act for the better protection of the wages of the servants, laborers and mechanics.

As a Dodger.

"When each of these bills was before the senate, Mr. Emery was very conveniently absent and dodged the vote on them. I argue from this that when his services were needed to assist the laboring men as against the corporations he either voted squarely against the laboring men or else he declined to vote, throwing the benefit of his influence in favor of corporations. Such a man can not be trusted to either enforce existing laws or recommend new laws against any corporation in which he might have an interest.

"I want to take up in detail Mr. Emery's acts as a member of the senate of 1883 and 1885. Senate bill 390. This was an act requiring the corporations operating bituminous mines to make better provisions for the safety and comfort of the miners. With Mr Emery's usual care for the interest of the corporations he dodged a vote.

"The other bill to which I want to call attention was senate bill 328, entitled, 'A supplement to an act entitled An act to provide for the health and safety of persons employed in coal mines, and providing for the furnishing of props and timbers to the miners in the mines.' Mr. Emery was again absent from his place in the senate and failed to record his vote in favor of the interests and life of the workingmen.

And Where Was Emery?

"In the sessions of 1885 there were two noteworthy bills.

"In the borough and township of Plymouth, in Luzerne county, during the year of 1885, there broke out a fever scourge which was very disastrous to that community, and there was a bill proposed known as senate bill 327 and house bill 699, entitled, An act making an appropriation for a temporary hospital and other relief for the destitute sick in the borough and township of Plymouth, in the county of Luzerne.

"Again Mr. Emery, who is ever ready to pay money to supply a brewery to a community in which he is interested was not interested enough in the life and health of these suffering people in Luzerne county to be present and record his vote.

"Senate bill 238 of the same session was a bill to provide for the establishment and the maintenance of a home for disabled and indigent soldiers and sailors of Pennsylvania. The vote on this bill is found on page 1916 of the Legislative Record of the session of 1885, and so little cared this man, who when the war was on, contented himself to stay at home and make money rather than to go to the rescue of his nation, and so little was he interested in the soldiers and sailors of this state, that he again absented himself from his place in the legislative halls.

"Let us finish Mr. Emery's legislative record by taking up his conduct as a member of the senate of 1887.

Senate bill 384, house bill 66, a supplement to an act relating to the lien of mechanics and others on buildings. This was proposed by the laboring interest for the better protection of their wages. The vote on this bill will be found on page 2123 of the Legislative Record of the session of 1887. Mr. Emery, as usual, is absent. Senate bill 422, house bill 242, an act making appropriations for the state hospital for injured persons in the anthracite coal regions of Pennsylvania. The vote on this bill is to be found on page 2550 of the Legislative Records of the session of 1887 and still Mr. Emery was absent. Senate bill 421, to provide for the erection of a state hospital for injured persons, at or near Hazleton in the county of Luzerne, to be called the State hospital for injured persons of the middle coal fields. The vote on this bill is to be found on page 2850 of the Legislative Records of the session of 1887, and still Mr. Emery was absent.

IS EMERY MUZZLED?

Or Does He Fear to Answer Charges Made Against Him?

RULER STAND FOR A CANDIDATE

Democratic Aspirant For the Governship Who Fails to Take the People Into His Confidence.

Has Lewis Emery, Jr., been muzzled or is he afraid to face the issues that have been forced into the political campaign by his candidacy for governor?

Many think he is obeying the injunction of Charles P. Donnelly, the chairman of the Democratic state committee who recently rushed across the state from Philadelphia, met Emery in Pittsburg, and directed him to ignore the attacks that are being made upon him from every quarter.

Up to date, Emery has obediently followed the instructions of his Democratic campaign manager, who is credited with being one of the shrewdest political manipulators in the state, a man who goes into the political game to win, and cares little what is said about him or what people think, so that he gets results.

Emery's Old Friends Amazed.

Emery has not been looked upon as that kind of a man.

Many have considered that he was more than ordinarily sensitive and a man who would promptly meet any attack that would be made upon him.

But in this campaign Emery has amazed his old time associates. He has day after day, at meeting after meeting, ignored the charges that have been made upon the stump affecting his personal character, his business transactions and integrity, and his official record as a former member of the legislature. He has not even denied the allegations made in the leading newspaper published in his own community, the Bradford Star, wherein he has been boldly branded as having been traitorous to Republican nominees, time and time again, and with being the avowed champion of the election of Democratic candidates for office when his wishes in regard to Republican nominations were not respected or when he was personally interested as an anti-Republican candidate himself.

What Emery Should Answer.

The Democratic candidate for governor, Mr. Lewis Emery, Jr., has as yet failed to answer more than a score of serious charges.

Mr. Emery has failed to deny the charge that his hostility to the Standard Oil company has always been based upon private business interests.

Mr Emery has failed to deny the charge that the Pure Oil company, with which he is identified, and through which he and his associates have been placed in a position to grow enormously wealthy, is really as much of a trust, in its way, as is the Standard Oil company, that it puts up its prices when the Standard raises its, and that it only lowers its rate when it has to do so in order to meet the competition with the Standard, that the people derive no benefit from this alleged anti-Standard Oil corporation; that property once owned by Emery was sold to the Standard Oil company at great profit to Emery, and that pledges then made that further hostility to the Standard would, by this bargain, be discontinued were broken and the Pure Oil company was, for a while a rear competitor of the Standard until certain politicians friends of the Standard were taken in by the Emery crowd, and then "harmonious and satisfactory conditions all around were established."

Mr. Emery has not yet answered upon the stump the charge that a corporation with which he is identified has had freight rebates from the railroads such as he has denounced his competitors for getting, nor has he explained how the Emery company got a low rate for freight on oil by shipments of oil which were billed as acids.

Candidate Young's Queries.

Mr. Emery has not answered the questions propounded by Robert K Young, Republican nominee for auditor general, who said.

"Will Mr Emery kindly inform the public what his attitude is toward that plank in the Democratic platform which indorses Mr. Bryan and heralds him as the successor of Theodore Roosevelt to the presidency?

"Will Mr. Emery kindly inform the public what his attitude is with reference to the last pronouncement of Mr. Bryan on the subject of government ownership of transportation lines doing an interstate business and of state ownership of transportation lines confined within the limits of the state?"

Mr. Emery has not answered the charge that vast sums of money were spent to procure his nomination by the Lincoln Party for the governorship in the organization of the Lincoln Party, of which he is the admitted "boss" and financial backer, despite the fact that in his affidavit setting forth his "expenses" incident to his nomination he swore that his expenses did not exceed $50.

Mr. Emery has not answered the charge that delegates to the Lincoln Party convention were sent, with their expenses paid, to Philadelphia to do his binding, that there were admitted to the convention upon credentials given them as the result of meetings of a few men in private offices without any primaries or conventions being held, or without any expression of public sentiment being obtained.

There are many subjects which Mr. Emery has ignored and which are being nightly referred to by the orators opposed to his election.

Mr. Emery's only answer of importance up to date was that in which in reply to criticisms of his personal habits, and conduct, he wrote a letter in which he freely admitted that he would subscribe as cheerfully to the establishment of a brewery in his home community as he would to the erection of a church, hospital or a school.

Is Lewis Emery, Jr., muzzled, or is he afraid to answer? is still the query resounding throughout the state.

HAPPY WOMEN.

Wouldn't any woman be happy,
After years of backache suffering,
Days of misery, nights of unrest,
The distress of urinary troubles,
To find relief and cure?
No reason why any reader
Should suffer in the face of evidence like this:

Mrs. Almira A. Jackson, of East Front St., Traverse City, Mich., says: "For twenty years I was doctoring for kidney and liver trouble but without benefit. Just before I began using Doan's Kidney Pills I was almost paralyzed. I could hardly stand on my feet because of the numbness and lack of circulation. Had a knife been thrust into my kidneys the pain could not have been more intense. My sleep was disturbed by visions of distorted figures. The kidney secretions were annoyingly irregular, and I was tortured with thirst and always bloated. I used seven boxes of Doan's Kidney Pills. The bloating subsided until I weighed 108 pounds less, could sleep like a child and was relieved of the pain and the irregularity of the kidney action. My circulation is good and I feel better in every way."

A FREE TRIAL of this great kidney medicine which cured Mrs. Jackson will be mailed on application to any part of the United States. Address Foster-Milburn Co., Buffalo, N. Y. For sale by all druggists; price, 50 cents per box.

HONORED THEIR FOREMAN

Mine Boss Leaves Today For Scottland and Was Recipient of Handsome Presents.

Mine foreman J. M. Callaghan of the Tremont mines of the Monongahela Consolidated Coal Company, has resigned his position and leaves today for an extensive tour of Scotland, his native country.

Mr. Callaghan has held the responsible position of foreman of their mines for a long time and has made many warm friends among the employes, and officials of the company. He has always been upright and conscientious in the discharge of his duties, affiable and courteous to those under him, and as a result nearly every person about the mine has expressed deep regret that he is leaving. As a mark of respect and an exemplification of the high esteem in which he was held, a popular subscription paper was started a few days ago, through the mines for the purpose of raising money to buy Mr. Callaghan a present.

Every man in the mines subscribed and soon the fund had swollen far beyond expectations. A meeting was called, and Messrs. J. J. Harris, fire boss, and J. H. Humphries, boss driver, were delegated to make the purchases. They selected a solid gold garnet ring, a gold watch and charm inlaid with diamonds and a F. O. E. button representing the order, of which Mr. Callaghan is a member. The presentation speech was made by Mr. Frank Myford, of the Hotel Birmingham.

Mr. Callaghan responded feelingly. The many friends of Mr. Callahan wish him a pleasant trip.

Letter to Domestic Fuel Co.

Monessen, Pa.

Dear Sir: If you could get the exclusive sale of a coal that would give double heat and cost no more, you'd jump at it, would'nt you?

You'd control the trade for a hundred miles.

Devoe is like that among paints: a short ton is as good as a long one of any paint you can name; a gallon is worth more than two of many a popular paint.

Suppose you have painted your house about once in three years ever since it was new; you buy the same number of gallons Devoe, have a third of it left and it wears six years. Count your costs.

$1.75 a gallon for paint; $3.50 a gallon for putting it on; you saved 5 gallons; $26.25 on this job. But you save the whole job of three years hence: about $75 Put 'em together: $100.

Can't reckon so accurately as that; but you see how it goes. Paint isn't alike any more than coal. How much more is coal worth than slate.

Yours truly,

16 F W DEVOE & CO

NEW PLACE OF WORSHIP.

St. Paul's Lutheran Congregration Will Hereafter Hold Services in First National Bank Building.

St. Paul's Lutheran congregation has rented the room in the First National Bank building on Eight street, recently occupied by the postoffice, and will hereafter hold services there. Last evening the organ and furnishings were moved into the new room which is now being fitted up in such a manner as will make it a very pleasant place for church services.

The location is central, and with the step climbing proposition eliminated should become a popular place of worship. Preaching and Sunday school services will be held there beginning with next Sunday. The change was made necessary by the remodeling of the Treacher building, where services have been held heretofore.

Steel Company Satisfied.

Court has finally confirmed the report of the viewers with regards to the street to the river. The United States Steel company did not file any objections to going through its property and is perfectly satisfied with the assessment of $500 for the ground taken, which price was recommended by the viewers. The railroad company it is said will fight the street on account of the grade crossing.

The people of Monessen can now see the position of the United States Steel corporation regarding this outlet and can justly lay the blame of "antagonizing mild interests" to the calamity howlers right here in Monessen.
